

# Teaching portfolio

## 1. Teaching CV

At the MSc. "Innovative Communication Technologies and Entrepreneurship" (ICTE) I teach two 5 ECTS courses and a 'sub-module'. I teach 'Interaction Design' (5 ECTS), with a particular focus on the analytical aspects of HCI, interaction design, user experience and service design. I teach 'Content and Media Management' (5 ECTS) with focus on media technologies for indexing and algorithmic recommendation of media content. Finally I teach the obligatory sub-module for ICTE students in scientific methods and Problem Based Learning.

Besides these teaching obligations I teach scientific methods and PBL at the continuing education "Master in ICT" (MICT), as well as being guest teacher in the Interaction Design course.

Autumn 2015 I am the supervisor for six semester projects at ITCOM 3rd semester.

Spring 2016: I teach "Interaction Design"

## 2. Study administration

Autumn 2015: I coordinate 3rd semester of the BSc. "IT, communication and new media" (ITCOM) (approx. 40 students). I am the editor of the online marketing of ITCOM and ICTE (itcom.aau.dk, icte.aau.dk) as well as for cmi.aau.dk. I have been in charge of 'Studiepraktik 2015'. I have participated in the accreditation process for ICTE.

## 3. University pedagogy qualifications

I have completed "Adjunkt pædagogikum" from AAU February 2012.

I am the AAU representative and project leader on the ERASMUS+ strategic partnership project "OnCreate" on online tools for creative collaboration among students (2014-2017).

## 4. Other qualifications

I have, together with my colleague Morten Falch guested Kazimieras Simonavicius University in Vilnius in the framework of ERASMUS+ mobility for a three day seminar on implementing PBL at Kazimieras Simonavicius University

## 5. Teaching activity development and teaching materials

In the framework of the "OnCreate" project I develop and conduct experiments on online creative collaboration.

In the framework of the MSc. ICTE I have developed a novel method of teaching PBL to ICT engineering students, uniting elements of project development, problem formulation and engineering specific challenges.

In the framework of ITCOM and ICTE I have developed and tested a special peer-reviewing format and procedure for the semester project meetings held twice every semester.

## 6. Teaching awards you may have received or been nominated for

Type your answer here...

## 7. Personal reflections and initiatives

Personlige overvejelser knyttet til undervisning og vejledning, ønsker til og planer for pædagogisk videreudvikling, planer for opfølgning på undervisningsevalueringer m.v.
