2. Study administration: A list of any study administration tasks, e.g. study board membership, head of studies or semester or course coordinator, accreditation, etc.

Semester Coordinator for for 5. semester on System Design in the bachelor Programme Bæredygtigt Design (Sustainable Design)

3. University pedagogy qualifications: A list of any completed courses in university pedagogy, PBL courses, workshops, academic development projects, collegial guidance and supervision, etc.

My teaching is based on a vital interest in supporting learning processes at both individual as well as organisational and societal level. Hence, since my Ph.D. I have worked with theoretical approaches to teaching and learning as part of my research on sustainable transitions.

In 1993 I finished my pedagogical training at the Technical University of Denmark.

My interest in educational development and engineering didactic led me to become a professional educational consultant and the co-developer of the Teacher Training Programme at the Technical University of Denmark from 2007-2011. Besides teaching 2 large classes yearly at the Pedagogical Teacher Training Programme, I taught and supervised colleagues on quality and methods of university teaching. I also developed a course for university teachers on supervision. I am a Certified coach by The European Mentoring & Coaching Council (EMCC). Since 2012, I have been a supervisor at Aalborg University for colleagues in the educational training.

4. Other qualifications: Conference attendance, editorials, presentations, etc. relating to education, 'University Teaching Day', etc.

During my carrierer I have published on teaching and learning and participated in conferences and similar fora focusing on reflecting and developing university teaching and learning among peers.

5. Teaching activity development and teaching materials: A list of any contributions to the development of new modules, teaching materials, study programmes, e-learning, collaboration with external business partners, etc.

During my carrier I have developed several courses, thoroughly based on knowledge about pedagogy and didactic. I also work continuously with updating courses and experimenting and testing new methods and forms of teaching. I most often formulate authentic assignments and include collaboration with external partners.

6. Teaching awards you may have received or been nominated for.
