ESPON 2013 Programme Strategy

- **Mission:**
 - Support policy development in relation to territorial cohesion and a harmonious territorial development
 - Provide comparable information, evidence, analyses and scenarios on territorial structures and dynamics
 - Reveal territorial capital and potentials in support of the competitiveness of regions and larger territories
- **Key principles:**
 - Policy demand defines applied research themes
 - Use of results by stakeholders
 - Improve the European knowledge base on territorial development and cohesion, including data, indicators, typologies, models and maps
 - Support European-wide understanding and involvement by communicating new comparable information for policy development

ESPON's Priorities

- Priority 1: Applied research on territorial development, competitiveness and cohesion
- Priority 2: Targeted analysis based on user demands/
European perspective to different types of territories
- Priority 3: Scientific platform and tools/
Territorial indicators, data, analytical tools
and scientific support
- Priority 4: Capitalisation, ownership and participation/
Capacity building, dialogue and networking

Priority 4: Capitalisation, ownership and participation/ Capacity building, dialogue and networking

- Objective
 - Spread of European evidence on territorial trends, perspectives and policy impacts
- Type of actions
 - Media and Publications
 - European seminars and workshops
 - **Transnational networking activities (ESPON Contact Points)**
- Involvement and integration of policy makers, practitioners and scientists
- Expected outputs
