## Welcome Message

Welcome to the participants at the the course of 'Ethics and Social Responsibility. You will find all course

 [Analysis and interpretation of data in mathematics and science education](#)  
 [Learning-in-practice: Socio-cultural and political theories in engineering, mathematics, and science education](#)  
 [Qualitative research methods in technology, science and education 2009](#)  
 [Postmodern Learner](#)  
[All courses ...](#)

information here on moodle. You will find the texts and the tasks for the actual day in separate forums. Reading the text material connected to the lectures as well as the PP presentation is considered mandatory for every participant.

If you agree that you would like to upload all your Power Point Presentation you can sent them to me and I will upload them for you.

The Texts related to the talk by Kristian Høyer Toft on Wednesday will be uploaded soon.

As you can see we decided to include a Inaugural Lecture on Friday at 2 o'clock. It is given by Professor Torben Elgaard Jensen at Technoanthropology.

I hope you will have some enlightening and reflective days.

Best Regards  
PhD Student Gitte Lindvang Samsøe

### 5 Course Work ☐

Each course Participants are asked to prepare and present a 10 minute Power Point presentation of ethical issues related to their PhD project.

This will take place every day and there will a little spare time for comments and questions.

Futhermore course participants will participate in group work on wednesday, analyzing real dilemmas taken from the intersection between science and society.
