**IOC World Conference on Prevention of Injury & Illness in Sport - Monaco, 25 – 27
November 2021**

Dear Filip Gertz Lysdal,

We would like to personally thank you for so skillfully contributing as a presenter to the success of the 6th edition of the IOC World Conference on Prevention of Injury & Illness in Sport, which was again a very fruitful endeavor.

The total attendance included more than 900 direct participants from 63 countries.

All the feedback and comments we have received so far have reflected the quality of the conference, the stature of the speakers, chairpersons and presenters and the high standard of their presentations.

This could not have happened without you!

We hope to welcome you to the next edition, which will take place in Monaco from 29 February to 2 March 2024.

Warm regards,

Prof. Dr Uğur Erdener
