Subject: 22nd EURASHE Annual Conference

Dear Mr Brooks,

On behalf of the Presidency of EURASHE I would like to send you a special word of thanks for making an important contribution to the 22nd conference of EURASHE in Riga, 10 and 11 May last.

The event once more enabled us to update our membership on the latest issues and trends in European Higher Education, and your input greatly contributed to the overall success of the conference, which by its innovative mix of keynote speeches, plenary discussions and interactive workshops was well received by the audience.

We shall be publishing the various contributions on our conference website shortly, and look forward to welcoming you at the other EURASHE events in the future.

With our best regards,
