

What does the coast cost? A research agenda

Kristen Ounanian, PhD

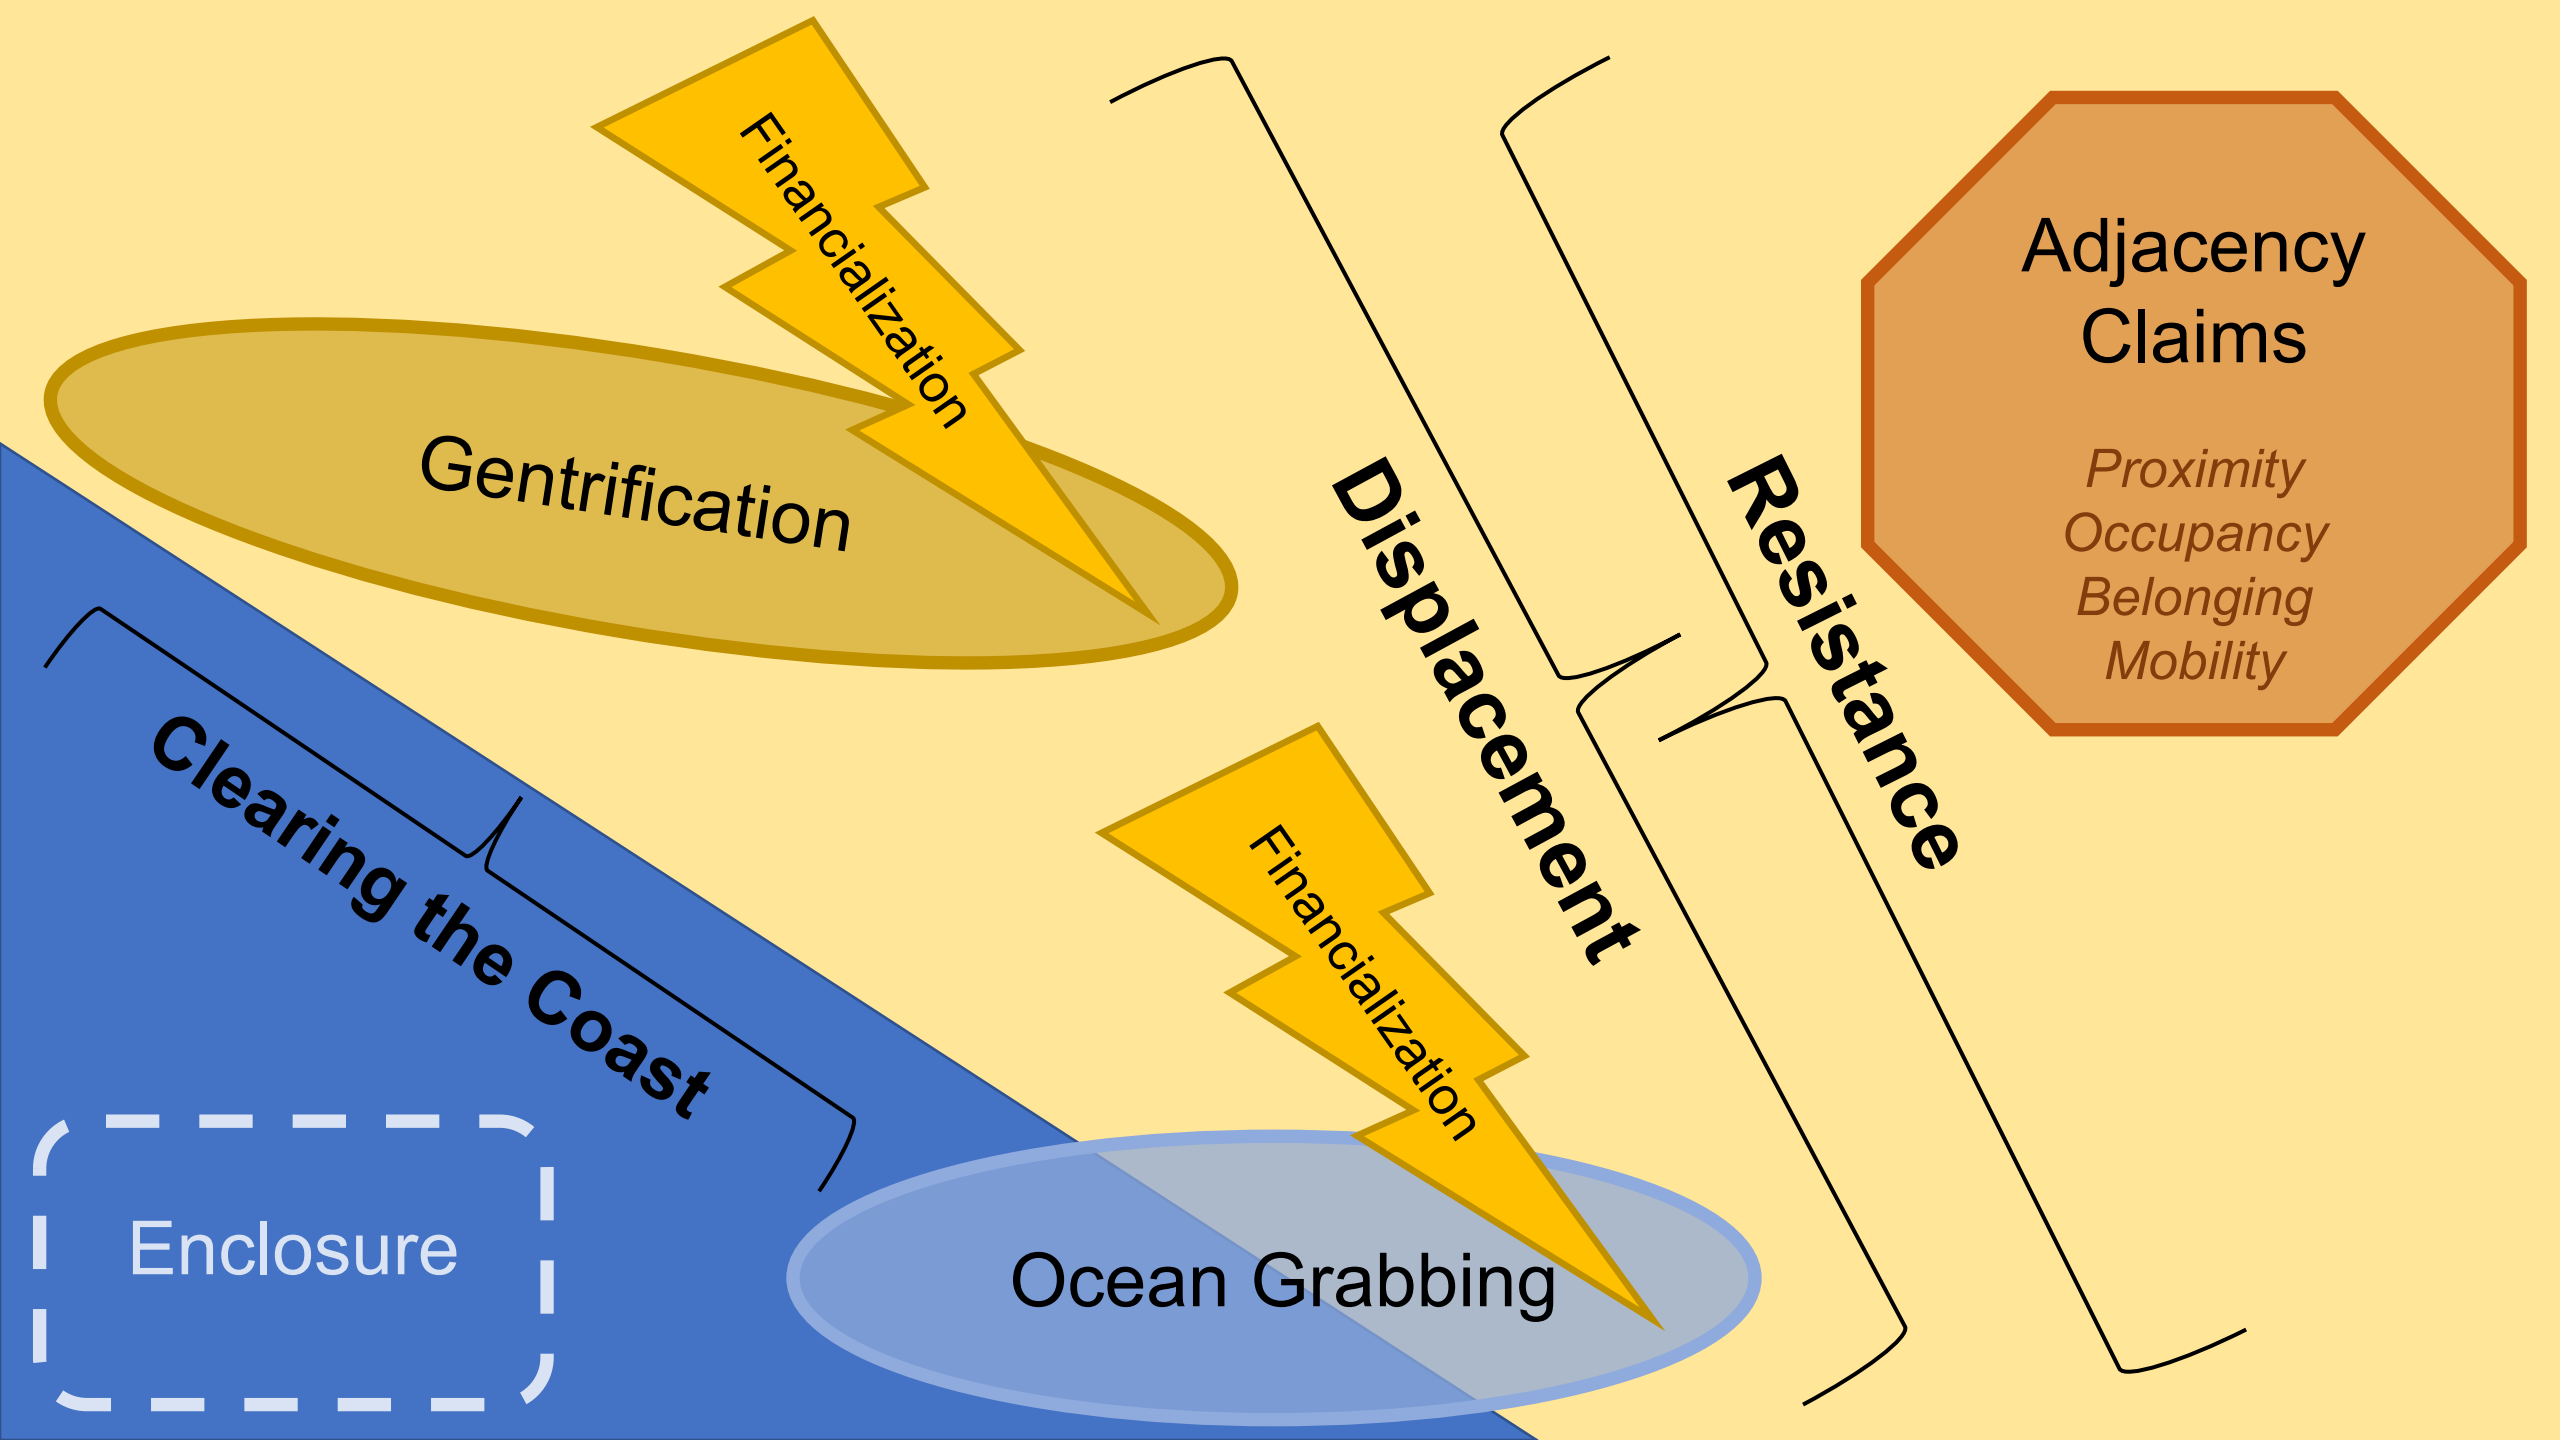

Centre for Blue Governance, Dept. of Planning & Sustainability, Aalborg University

Matthew Howells

Planning for Urban Sustainability, Dept. of Planning & Sustainability, Aalborg University

How it all began...

Financialization

Gentrification

Displacement

Resistance

Adjacency Claims

Proximity
Occupancy
Belonging
Mobility

Financialization

Ocean Grabbing

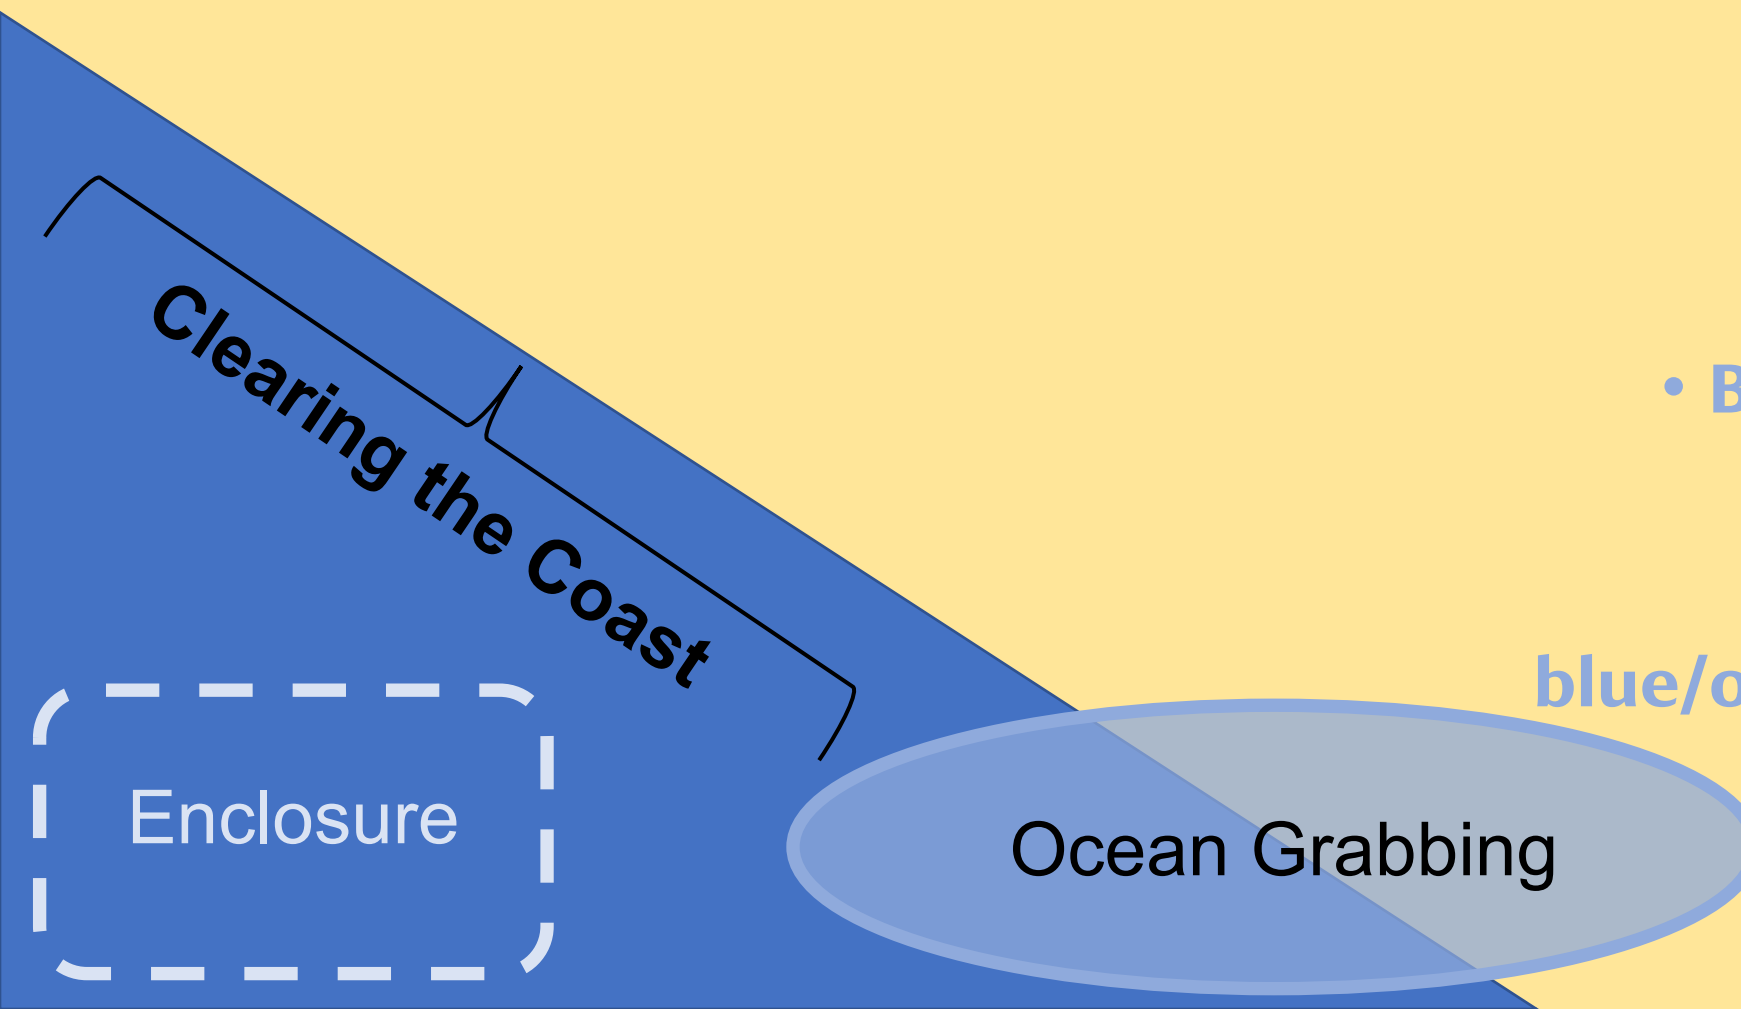

Clearing the Coast

Enclosure

- Fisheries: crisis, catch shares, consolidation, concentration
- Disaster capitalism, coastal capitalism
- Emptiness, wasteland, ruin & revival

Clearing the Coast

Enclosure

- **Blue Economy as savior**
 - **Ocean as frontier**
 - **Multiple iterations:
blue/ocean/coastal grabbing**
 - **Grabbing back?**

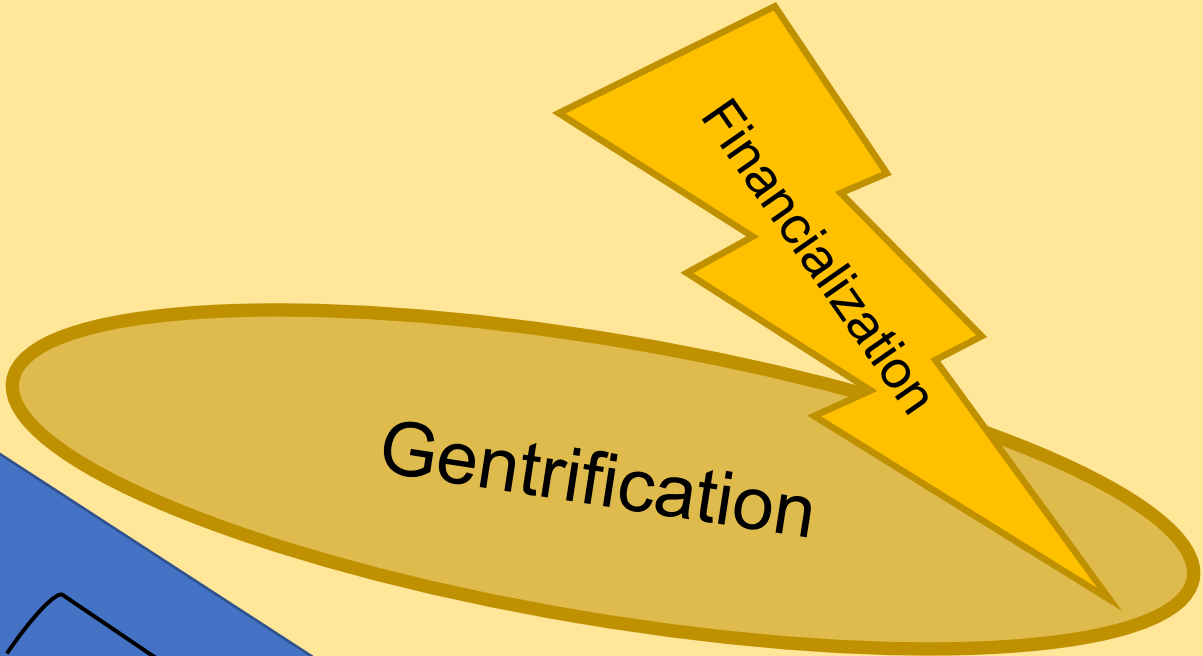

- Retail gentrification
- Expanding to rural but not to the coast
 - Second homes
 - Working waterfronts
- *water dependent, related, enhanced users*
 - atheoretical

Gentrification

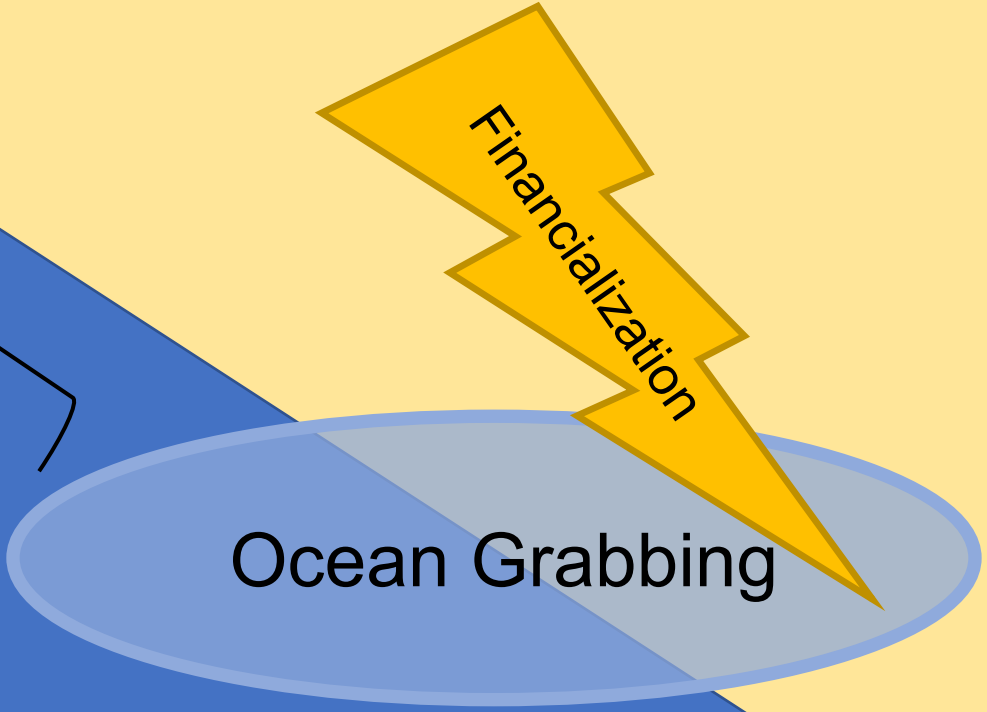

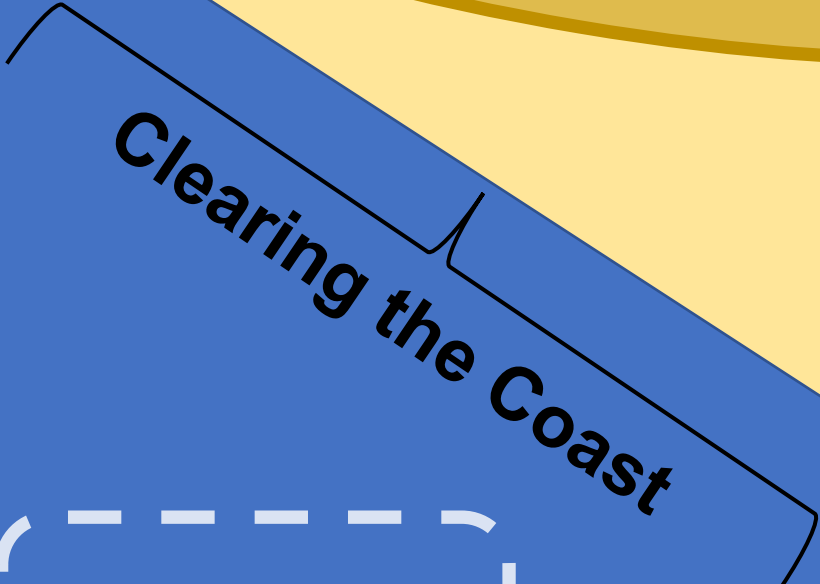

Clearing the Coast

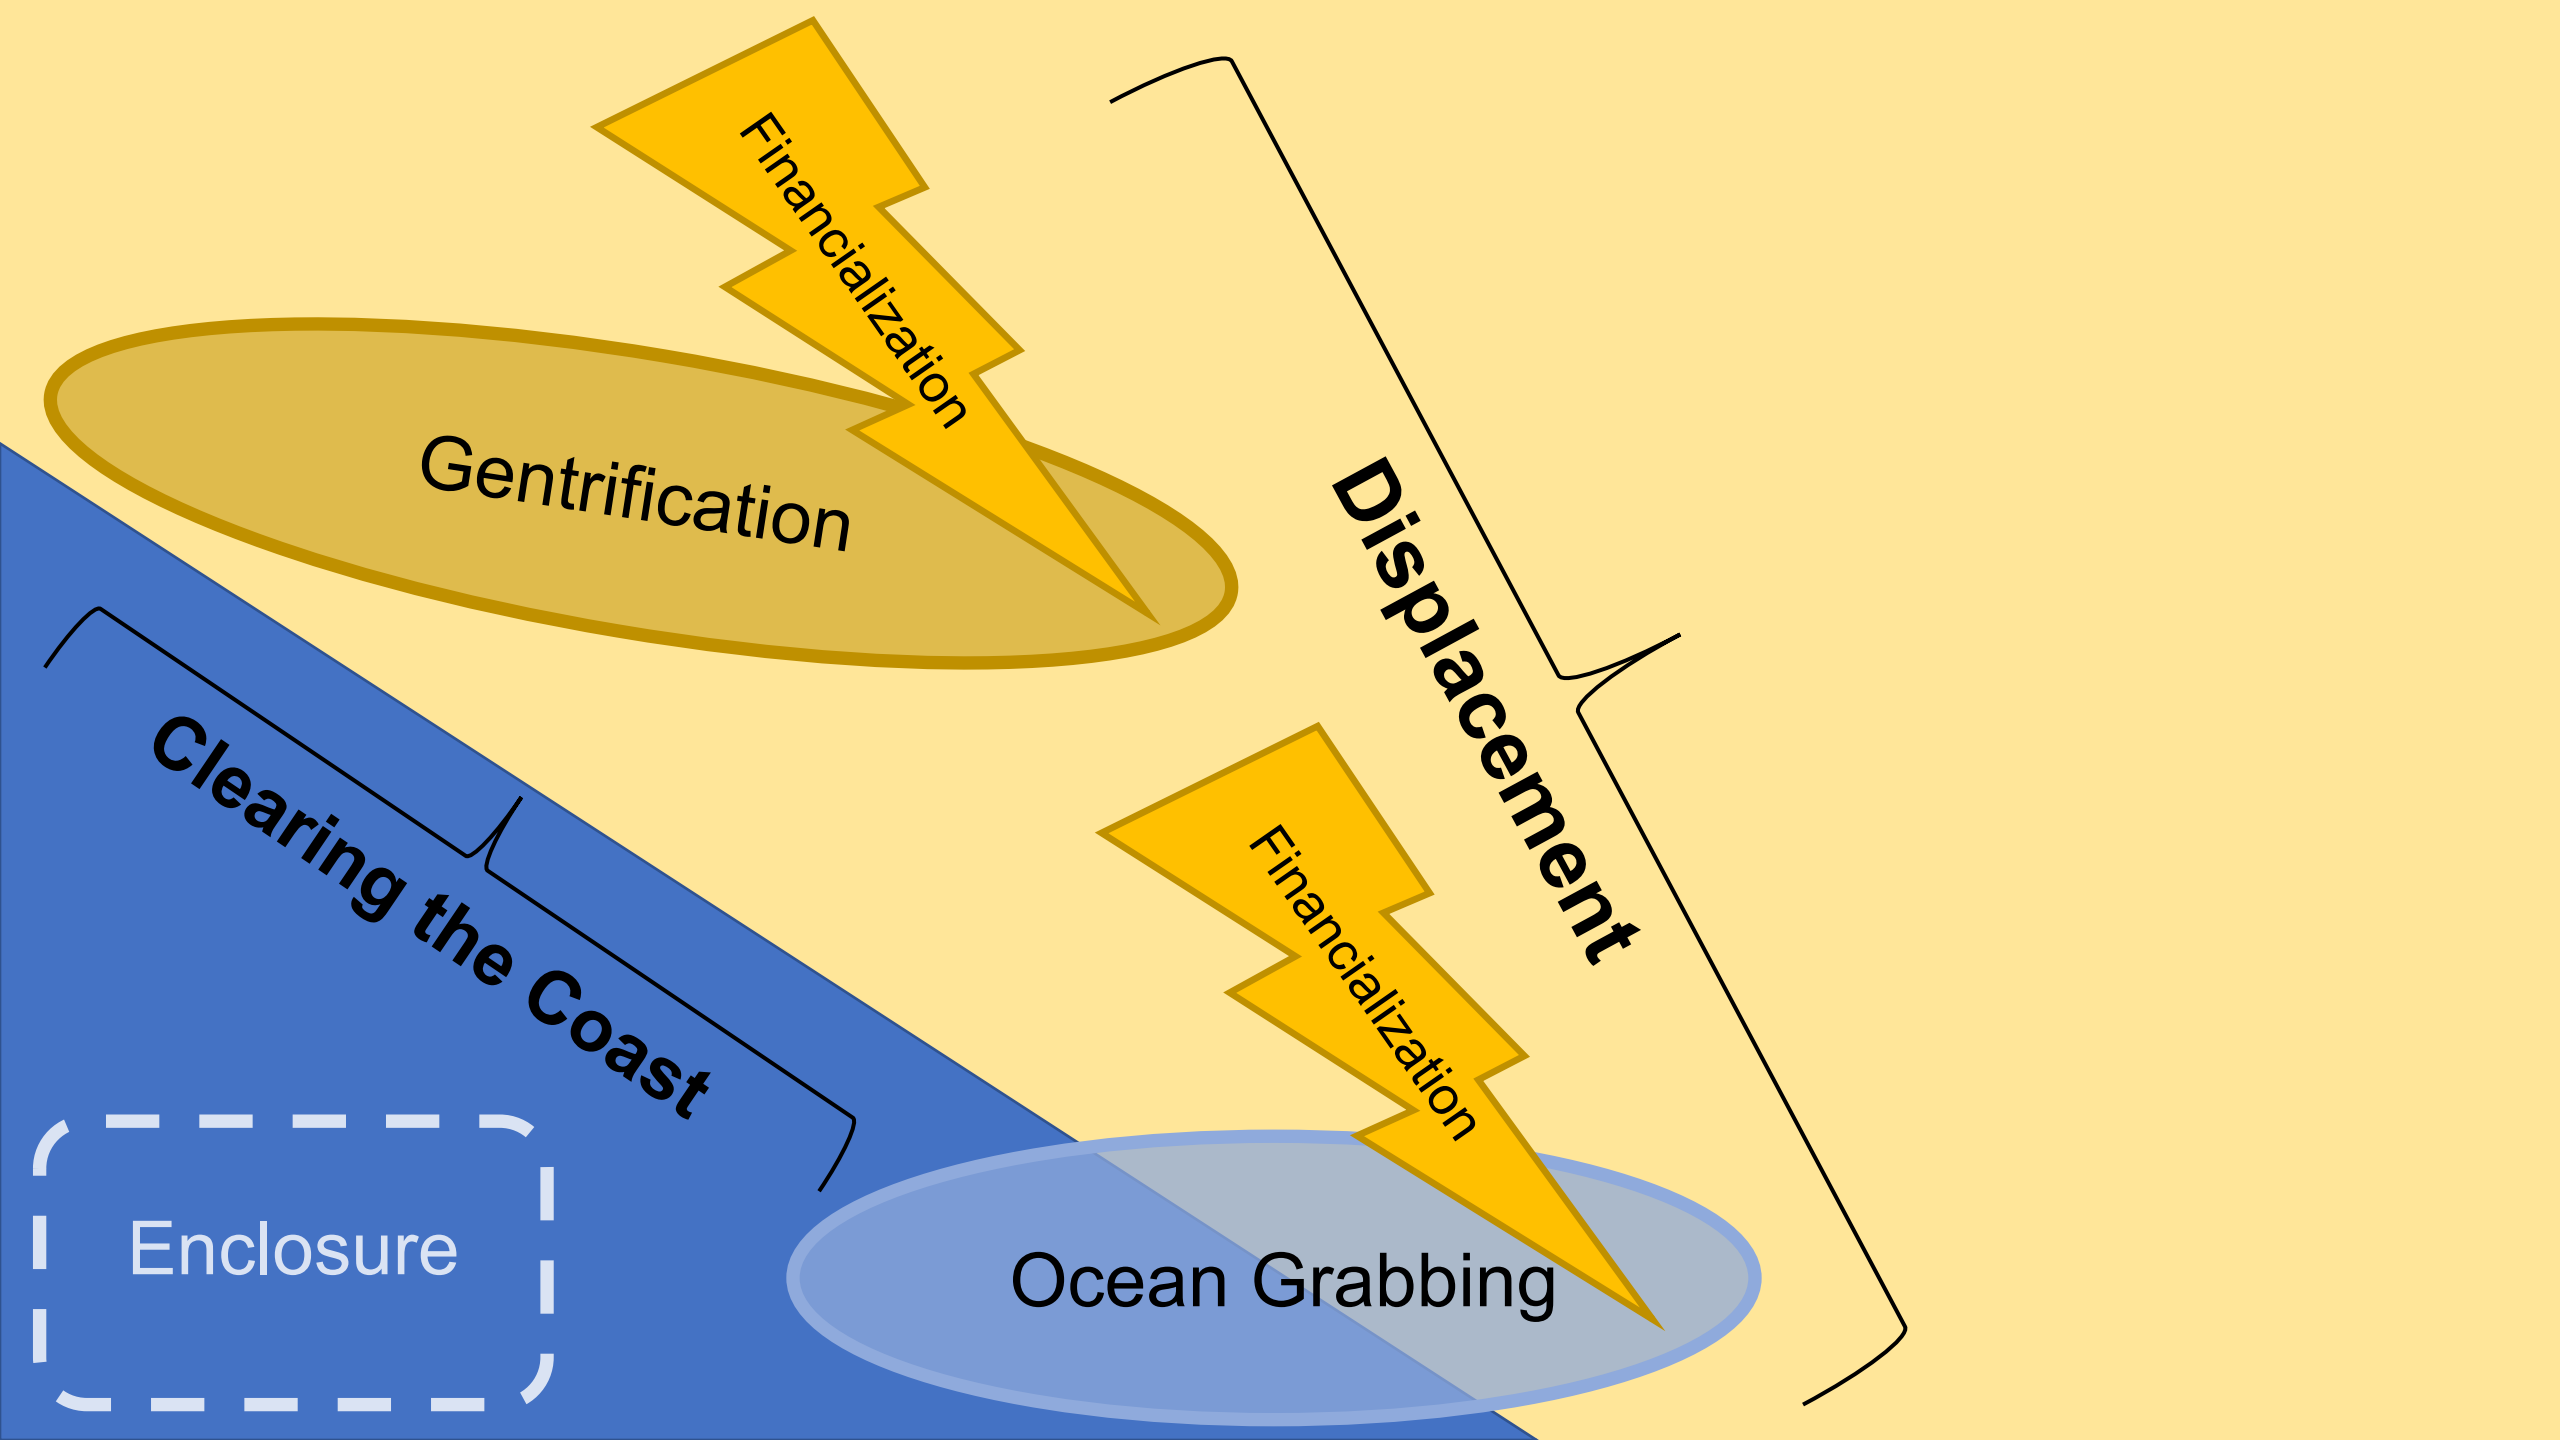

Enclosure

Ocean Grabbing

- **Assetization**
- **Securitization**
- **Land as liquid; mobile asset**
- **Power to decide**
- **Supercharging!**

Financialization

Gentrification

Displacement

Financialization

Clearing the Coast

Enclosure

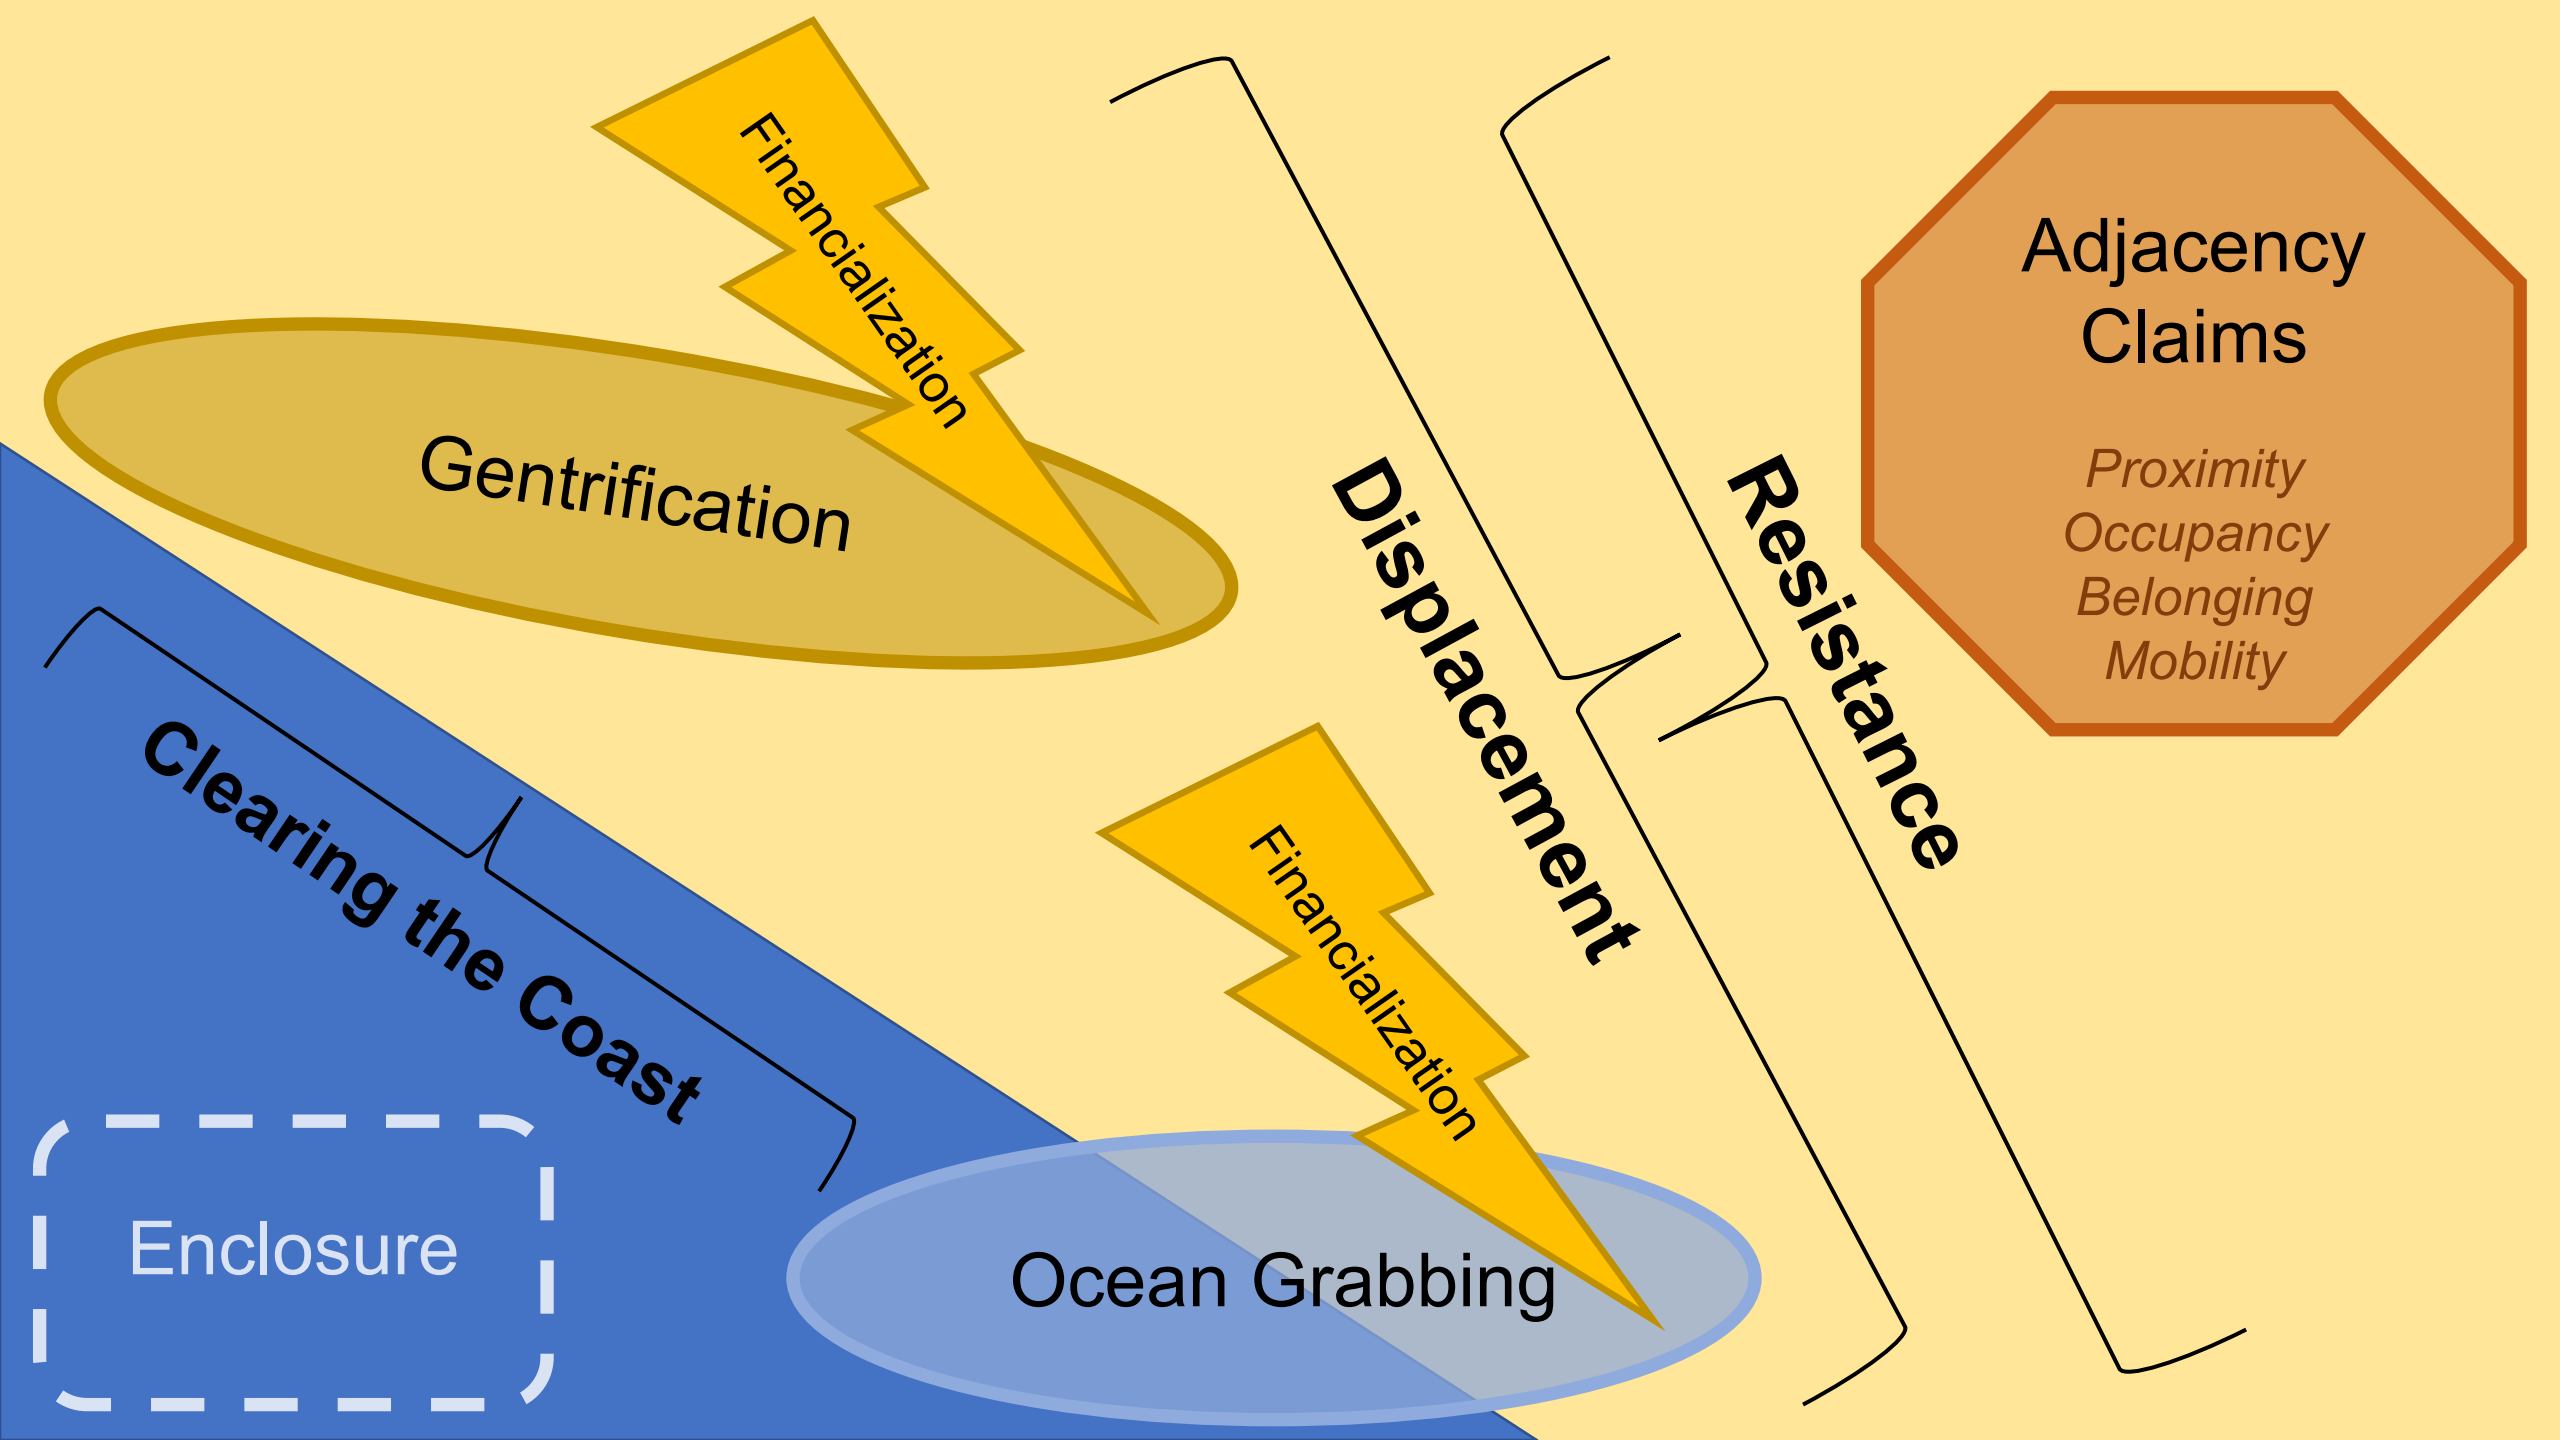

Ocean Grabbing

- **More than territorial**
- **Literal & figurative**
- **Legitimacy & potency of the claims?**

Resistance

**Adjacency
Claims**

*Proximity
Occupancy
Belonging
Mobility*
