

# 10<sup>th</sup> Hemodynamic Optimization Training (HOT) day

September 12, 2013

Nyon, Switzerland

*Dear Participants,*

*Edwards Lifesciences is proud to offer you a training program dedicated to perioperative Goal-Directed Therapy (GDT). This educational program is part of the Edwards continuous training on hemodynamic monitoring and will take place in the Edwards EMEA headquarters in Nyon.*

*This course has been designed to give you the opportunity to learn from renowned experts in hemodynamic monitoring, to discuss the clinical and economical benefits of perioperative GDT, as well as the key determinants for a successful implementation in your own department.*

*The faculty and dedicated training teams wish you a productive and comprehensive learning experience.*

*Dr Frédéric Michard  
VP, Global Medical Strategy*
