CEAD Germany 2021
International Conference on Civil Engineering and Architectural Design
Dates: July 01-03, 2021
Munich, Germany

Dear Dr. Anthony Lewis Brooks,

We are pleased to invite you as an Organizing Committee Member and Speaker to the Conference "**International Conference on Civil Engineering and Architectural Design**", which will take place on **01-03 July, 2021 in Munich, Germany**.

The main theme of the conference is "**Innovations, Outcomes and New Technologies in Civil Engineering and Architecture**". The conference results will be taken forward to shape the further work in the future conferences, and will inform future policy and research debates, including the work of the Committee members and Speakers from different universities.

Based on your expertise we would like to honor you by giving the position as an Organizing Committee Member and Speaker for CEAD Germany 2021.

As an Organizing Committee Member and Speaker, the privileges would include one-year membership benefits and a position as the chair/co-chair for the session of your interest.

CEAD Germany 2021 provides an ideal academic platform for researchers to present the latest research findings and describe emerging technologies, and directions in Civil Engineering.

The conference will comprise:

1. Innovative encounters in the real-world of Construction Engineering.
2. Exploring the next generation technologies in Civil Engineering.
3. Current research and future visions of Automation in Construction.
4. Exemplifying the prominence of Modular Construction.
5. Modernization in Transport and Traffic Engineering.
6. Future prospects of Architecture and Infrastructure Design and Safety in Construction.

The conference aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results about all aspects of Engineering and Natural Sciences.

The conference's goal will provide a scientific forum for all international prestige scholars around the world and enable the interactive exchange of state-of-the-art knowledge. The conference will focus on evidence-based benefits proven in scientific experiments.

For abstract submission: https://ic2020cead.org/abstract_submission

This Interactive exchange will take place in working groups covering the following sessions:

- Construction Engineering and Management
- Environmental Change and Ecological Designing
- Geo technical Engineering
- Structural and Construction Engineering
- Architecture and Infrastructure Design
- Steel Structure and Construction

- Building Technology and Construction Management
- Material Science and Engineering
- Reinforced Concrete Structure
- Transportation and Traffic Engineering
- Sustainability and Green Building
- Pavement Design
- Automation in Construction
- Construction Market Research and Industry Analysis
- Earthquake Resistance Design
- Energy for Building and Construction Development
- Structural Analysis and Designing
- Structural Health Monitoring
- Earthquake Engineering and Seismic Risk M
- Water Resources Engineering and Technologi
- Tunnel Engineering
- Modular Construction
- Special Structure Design and Concrete Techn
- Geographic Information System (GIS)
- Safety Management in Construction
- Construction Industry
- Building Information Modeling (BIM)
- Digital Structural Designs
- Fire Safety Engineering

We are very much looking forward to see you coming July in Munich, Germany!

Yours Sincerely,
 Dannie Shrav,
CEAD Germany 2021 Committee Member,
CEAD Germany 2021 Leadership & Committees,
