RESEARCH & COMMUNICATION 2020

2020 a year to remember – for many things!

AAU ranks as the world's best university in terms of SDG 4 – Quality Education. "Green research" from AAU has higher impact than any other Danish university. And once again, AAU produces more BFI-points based on research grants than anyone else in the country. As the figures reflect, internal and external collaboration is high on the agenda.

All AAU departments had Covid-19 press coverage in 2020
