Outstanding Associate Editors and Top Reviewers

THE IEEE TRANSACTIONS ON ANTENNAS AND PROPAGATION is one of the most influential publications of IEEE. Its scientific contributions attract a lot of interest and are among the most downloaded across all IEEE publications. In 2021, the IEEE TRANSACTIONS ON ANTENNAS AND PROPAGATION ranked third out of 389 publications available on IEEE Xplore for total number of downloads. The IEEE TRANSACTIONS ON ANTENNAS AND PROPAGATION ranks second for total number of downloads out of all IEEE publications, when open access journals are excluded. In addition, the bibliometric measures released by Clarivate for year 2021 indicate that the journal performance has set a new record in its history, with an impact factor of 4.824, a 5-year impact factor that reached 5.005, an eigenfactor score of 0.041, and article influence score of 1.048.

This journal is made possible by the excellent scientific and technical contributions of our authors and by countless hours of service by our dedicated volunteer Editorial Board:

- 1) Twelve Track Editors: Prof. Francesco P. Andriulli, Prof. Ariel Epstein, Prof. Jiro Hirokawa, Prof. Ashwin Iyer, Prof. Thomas Kuerner, Prof. Guido Lombardi, Prof. Tzyh-Ghuang Ma, Prof. Claire Migliaccio, Prof. Branislav Notaros, Prof. Safieddin (Ali) Safavi-Naeini (deceased), Prof. Jamesina J. Simpson, and Prof. Kin-Lu Wong;
- 2) more than 60 Associate Editors, listed in the inside cover of each issue; and,
- 3) almost 2200 Reviewers, listed each year in the December issue.

I would like to acknowledge the best performing Associate Editors, who are listed below.
