Employment

Research outputs

Recent Advances in Hydraulic Model Testing Techniques

Andersen, T. L., Eldrup, M. R. & Iversen, S. K., 2025, (Accepted/In press) In: Coastal and Offshore Science and Engineering. 10 p.

Applicability of Reflection Separation Algorithms to Nonlinear Irregular Waves over Sloping Foreshores

Andersen, T. L. & Eldrup, M. R., 25 Apr 2024, *CoastLab 2024: Physical Modelling in Coastal Engineering and Science*. TU Delft Open Publishing, 12 p. (Proceedings of the International Conference on the Application of Physical Modelling in Coastal and Port Engineering and Science).

Average Overtopping Discharge Prediction for Berm Breakwaters

Andersen, T. L., Eldrup, M. R. & W. van der Meer, J., 1 Sept 2023, *Coastal Engineering 2022: Proceedings of 37th Conference on Coastal Engineering, Sydney, Australia, 2022*. Cox, D. (ed.). Coastal Engineering Research Council, 15 p.

Estimation of incident and reflected components in nonlinear regular waves over sloping foreshores

Lykke Andersen, T. & Eldrup, M. R., Oct 2021, In: Coastal Engineering. 169, 103974.

Three-Dimensional Model Test Verification of the New Breakwater for Port of Rønne

Andersen, T. L., 2021, Aalborg: Department of the Built Environment, Aalborg University. 47 p. (BUILD Contract Reports; No. 21).

Two-Dimensional Model Test Verification of the New Breakwater for Port of Rønne

Andersen, T. L., 2021, Aalborg: Department of the Built Environment, Aalborg University. 31 p. (BUILD Contract Reports; No. 14).

Influence of Spurious Waves on the Performance of Active Absorption Systems in Oblique Waves

Andersen, T. L., Eldrup, M. R. & Frigaard, P., 2020, In: Journal of Marine Science and Engineering. 8, 3, 185.

Separation of Long-Crested Nonlinear Bichromatic Waves into Incident and Reflected Components

Andersen, T. L., Eldrup, M. R. & Clavero, M., 7 Feb 2019, In: Journal of Marine Science and Engineering. 7, 2, 39.

Stability Assessment of the New Cubipod® Armoured Breakwater in Hanstholm

Andersen, T. L., Eldrup, M. R., Lauridsen, H. & Gierlevsen, T., 2019, *The 8th International Coastal Structures Conference 2019*. Goseberg, N. & Schlurmann, T. (eds.). Karlsruhe: Bundesanstalt für Wasserbau, p. 674-684

Active Absorption of Nonlinear Irregular Waves

Andersen, T. L., Clavero, M., Eldrup, M. R., Frigaard, P. B. & Losada, M., 2018, *Coastal Engineering 2018: Proceedings of 36th Conference on Coastal Engineering, Baltimore, Maryland, 2018*. Lynett, P. (ed.). Coastal Engineering Research

Council, 12 p. (Coastal Engineering. International Conference Proceedings; No. 36).

Third Semester and Master's Thesis Ideas 2018: M.Sc. in Civil and Structural Engineering

Andersen, T. L. (Editor) & Clausen, J. C. (Editor), 2018, Aalborg: Department of Civil Engineering, Aalborg University. 82 p. (DCE Latest News; No. 57).

Estimation of incident and reflected components in highly nonlinear regular waves

Andersen, T. L., Eldrup, M. R. & Frigaard, P. B., 2017, In: Coastal Engineering. 119, January, p. 51–64

A new active absorption system and its performance to linear and non-linear waves

Andersen, T. L., Clavero, M., Frigaard, P. B., Losada, M. & Puyol, J. I., 2016, In: Coastal Engineering. 114, August 2016, p. 47-60 14 p.

Lecture Notes for the Course in Water Wave Mechanics

Andersen, T. L., Frigaard, P. & Burcharth, H. F., 2014, 3 ed. Aalborg: Department of Civil Engineering, Aalborg University. 72 p. (DCE Lecture notes; No. 32).

Revised Recession of Reshaping Berm Breakwaters

Andersen, T. L., Moghim, M. N. & Burcharth, H. F., 2014, *Proceedings of 34th Conference on Coastal Engineering, Seoul, Korea, 2014*. Lynett, P. (ed.). Coastal Engineering Research Council, Vol. 34. 15 p. (Coastal Engineering. International Conference Proceedings).

Wave Generation in Physical Models: Technical documentation for AwaSys 6

Andersen, T. L. & Frigaard, P., 2014, Aalborg: Department of Civil Engineering, Aalborg University. 212 p. (DCE Lecture notes; No. 34).

Stability of Hardly Reshaping Berm Breakwaters

Andersen, T. L., W. van der Meer, J., Burcharth, H. F. & Sigurdarson, S., 2012, *ICCE 2012: 33th International Conference on Coastal Engineering*. American Society of Civil Engineers, 1 p.

Stability of Hardly Reshaping Berm Breakwaters

Andersen, T. L., Van der Meer, J. W., Burcharth, H. F. & Sigurdarson, S., 2012, *Coastal Engineering 2012: Proceedings of 33rd International Conference on Coastal Engineering*. Lynett, P. & Smith, J. M. (eds.). American Society of Civil Engineers, 11 p. (Proceedings of the International Conference on Coastal Engineering; No. 33).

THESEUS Deliverable ID2.5: Part B - Barriers for wave energy conversion

Andersen, T. L., Nørgaard, J. H., Ruol, P., Martinelli, L., Zanuttigh, B., Angelelli, E., Mendoza-Baldwin, E., Silva-Casarin, R. & Enriquez-Ortiz, C., 2012, *THESEUS Deliverable ID2.5: Report on Physical Tests on Innovative Coastal Structures, Final Version*. Burcharth, H. F. & Lykke Andersen, T. (eds.). European Commission, p. 7-137 131 p.

Three-Dimensional Model Test Study of the New Breakwaters at Playa Blanca, Lanzarote

Andersen, T. L., Garborg, K. & Stagsted, E. R., 2012, Aalborg: Department of Civil Engineering, Aalborg University. 175 p. (DCE Contract Reports; No. 129).

Two-Dimensional Model Test Study of the New Caisson Breakwater at Playa Blanca, Lanzarote

Andersen, T. L., Garborg, K. & Stagsted, E. R., 2012, Aalborg: Department of Civil Engineering, Aalborg University. 104 p. (DCE Contract Reports; No. 127).

A Least Square Method for Determination of Front Velocities in Run-Up Events on Dikes in Oblique and Short-Crested Waves

Andersen, T. L., Nørgaard, J. H. & Burcharth, H. F., 2011, *Coastal Structures 2011: International Conference September 6-8, 2011 Yokohama, Japan*. American Society of Civil Engineers, p. 129-130 2 p.

A Method for Determination of in Run-Up Front Velocities on Dikes in Oblique and Short-Crested Waves.

Andersen, T. L., Nørgaard, J. H. & Burcharth, H. F., 2011, *Coastal Structures 2011: proceedings of the 6th international conference*. Takahashi, S., Isobe, M., Kobayashi, N. & Shimosako, K.-I. (eds.). Singapore: World Scientific, Vol. 1. p. 588-

589 11 p.

Breakwater for the Port of Dande, Angola: report on 3-D model testing of roundhead solution

Andersen, T. L., Burcharth, H. F. & Francesco, C., 2011, Aalborg: Department of Civil Engineering, Aalborg University. 75 p. (DCE Contract Reports; No. 109).

Comparison of New Large and Small Scale Overtopping Tests for Rubble Mound Breakwaters

Andersen, T. L., Burcharth, H. F. & Gironella, X., 2011, In: *Coastal Engineering*. 58, 4, p. 351-373 23 p.

Lecture Notes for the Course in Water Wave Mechanics

Andersen, T. L. & Frigaard, P., 2011, Aalborg: Department of Civil Engineering, Aalborg University. 116 p. (DCE Lecture notes; No. 24).

Loads on Wind Turbines Access Platforms with Gratings

Andersen, T. L., Frigaard, P., Rasmussen, M. R. & Martinelli, L., 2011, *Coastal Engineering 2010: Proceedings of the 32nd International Conference on Coastal Engineering*. Smith, J. M. & Lynett, P. (eds.). Coastal Engineering Research Council, 15 p. (Proceedings of the International Conference on Coastal Engineering; No. 32).

Wave Run-up on Slender Piles in Design Conditions: model tests and design rules for offshore wind

Andersen, T. L., Frigaard, P., Damsgaard, M. L. & De Vos, L., 2011, In: *Coastal Engineering*. 58, 4, p. 281-289 9 p.

2-D Model Test Study of the Breakwater at Porto de Dande , Angola

Andersen, T. L., Ramirez, J. R. R. & Burcharth, H. F., 2010, Aalborg: Department of Civil Engineering, Aalborg University. 28 p. (DCE Contract Reports; No. 97).

A New Formula for Front Slope Recession of Berm Breakwaters

Andersen, T. L. & Burcharth, H. F., 2010, In: *Coastal Engineering*. 57, 4, p. 359-374 16 p.

Barriers for wave energy conversion: Part B

Andersen, T. L., Martinelli, L., Zanuttigh, B., Nørgaard, J. H., Silva, R. & Roul, P., 2010, *THESEUS Deliverable OD 2.1: Integrated Inventory of Data and Prototype Experience on Coastal Defences and Technologies*. European Commission, p. 7-22 16 p.

Loads on Wind Turbines Access Platforms with Gratings

Andersen, T. L., Frigaard, P., Rasmussen, M. R. & Martinelli, L., 2010. 1 p.

2-D Model Test Study of the Suape Breakwater, Brazil

Andersen, T. L., Burcharth, H. F., Sopavicius, A. & Le Querré, A., 2009, Aalborg Universitet: Department of Civil Engineering, Aalborg University. 34 p. (DCE Contract Reports; No. 70).

3-D Hydraulic Model Testing of the New Roundhead in Suape, Brazil

Andersen, T. L., Burcharth, H. F., Sipavicius, A. & Le Querré, A., 2009, Aalborg: Department of Civil Engineering, Aalborg University. 48 p. (DCE Contract Reports; No. 71).

Comparison of Homogenous and Multi-layered Berm Breakwaters with Respect to Overtopping and Front Slope Stability

Andersen, T. L., Skals, K. T. & Burcharth, H. F., 2009, *Coastal Engineering 2008: Proceedings of the 31st International Conference : Hamburg, Germany, 31 August - 5 September 2008*. Smith, J. M. (ed.). World Scientific, p. 3298-3310 14 p.

Model Test Study of the Breakwater at the Dubai Port Terminal in Callao, Peru

Andersen, T. L. & Burcharth, H. F., 2009, Aalborg: Department of Civil Engineering, Aalborg University. 34 p. (DCE Contract Reports; No. 56).

Single Wave Overtopping Volumes and their Travel Distance for Rubble Mound Breakwaters:

Andersen, T. L., Burcharth, H. F. & Gironella, F. X., 2009, *Coastal Structures 2007: Proceedings of the 5th International Conference : Venice, Italy, 2-4 July 2007*. Franco, L., Tomasicchio, G. R. & Lamberti, A. (eds.). World Scientific, p. 1241-

Three-dimensional Investigations of Wave Overtopping on Rubble Mound Structures

Andersen, T. L. & Burcharth, H. F., 2009, In: *Coastal Engineering*. 56, 2, p. 180-189 10 p.

Access Platforms for Offshore Wind Turbines Using Gratings

Andersen, T. L. & Rasmussen, M. R., 2008, *Transportation Engineering/Coastal & Harbour Engineering/Hydraulic Engineering: Proceedings of the 8th International Congress on Advances in Civil Engineering, ACE 2008, Famagusta, North Cyprus, 15-17 September 2008*. Eren, Ö., Mohamed, A., Günyakti, A., Soyer, E., Bilsel, H. & Kunt, M. M. (eds.). Eastern Mediterranean University Press, Vol. 1. p. 379-386

A Comparison of Homogeneous and Multi-layered Berm Breakwaters with Respect to Overtopping and Stability

Andersen, T. L., Skals, K. & Burcharth, H. F., 2008, *ICCE 2008: Book of Abstracts*. 1 p.

Design of Access Platforms for Offshore Windturbines

Andersen, T. L. & Frigaard, P., 2007, In: *ON/OFF* : newsletter to the offshore industry in Denmark. 10, p. 13-13 1 p.

Detailed Investigations of Load Coefficients on Grates: influence of air and angle of attack

Andersen, T. L., Rasmussen, M. R. & Frigaard, P., 2007, Aalborg: Department of Civil Engineering, Aalborg University. 27 p. (DCE Contract Reports; No. 22).

Horns Rev II, 2D-Model Tests: Impact Pressures on Horizontal and Cone Platforms from Irregular Waves

Andersen, T. L. & Brorsen, M., 2007, Aalborg: Department of Civil Engineering, Aalborg University. 116 p. (DCE Contract Reports; No. 13).

Lecture Notes for the Course in Water Wave Mechanics

Andersen, T. L. & Frigaard, P., 2007, Aalborg: Department of Civil Engineering, Aalborg University. 111 p. (DCE Lecture notes; No. 16).

Load Coefficients on Grates used for Wind Turbine Access Platforms: Model Test Investigations

Andersen, T. L., Rasmussen, M. R. & Frigaard, P., 2007, Aalborg: Department of Civil Engineering, Aalborg University. 21 p. (DCE Contract Reports; No. 19).

Travel Distance of Single Wave Overtopping volumes

Andersen, T. L. & Burcharth, H. F., 2007, *Coastal Structures '07: Book of Abstracts : International Conference 2-4 July, Venice, Italy*. Franco, L., Ruol, P., Tomasicchio, G. R. & Lamberti, A. (eds.). American Society of Civil Engineers, p. 150 1 p.

Horns Rev II, 2-D Model Tests: wave run-up on pile

Andersen, T. L. & Frigaard, P., Dec 2006, Aalborg: Department of Civil Engineering, Aalborg University. 43 p. (DCE Contract Report ; No. 3).

Horns Rev II, 2D-Model Tests: Impact pressures on horizontal and cone platforms

Andersen, T. L. & Brorsen, M., Dec 2006, Aalborg: Department of Civil Engineering, Aalborg University. 67 p. (DCE Contract Report ; No. 4).

Horns Rev II, 2D-Model Tests: Wave Run-Up on Pile

Andersen, T. L. & Frigaard, P., 2006, Aalborg: Department of Civil Engineering, Aalborg University. 43 p. (DCE Contract Reports; No. 3).

Hydraulic Response of Rubble Mound Breakwaters: scale effects - berm breakwaters

Andersen, T. L., 2006, Aalborg: Hydraulics & Coastal Engineering Laboratory, Department of Civil Engineering, Aalborg University. 231 p.

Impact of Wave Dragon on Wave Climate

Andersen, T. L., Tedd, J., Kramer, M. & Kofoed, J. P., 2006, Aalborg: Department of Civil Engineering, Aalborg University. 7 p. (Hydraulics and Coastal Engineering; No. 42).

Landward Distribution of Wave Overtopping for Rubble Mound Breakwaters

Andersen, T. L. & Burcharth, H. F., 2006, *Proceedings of the First International Conference on the Application of Physical Modelling to Port and Coastal Protection*. Gomes, F. V., Pinto, F. T., Neves, L. D. & Iglesias, G. (eds.). Department of Civil Engineering, Aalborg University, p. 401-411 11 p.

Spatial Distribution of Wave Overtopping

Andersen, T. L. & Burcharth, H. F., 2006, *Book of Abstracts: of the First International Conference on the Application of Physical Modelling to Port and Coastal Protection (CoastLab06)*. Gomes, F. V., Pinto, F. T. & Neves, L. D. (eds.). Faculty of Engineering, University of Porto, p. 185-186 2 p.

Wave Reflection from Reshaping and Non-Reshaping Berm Breakwaters

Andersen, T. L. & Burcharth, H. F., 2006, *30th International Conference On Coastal Engineering: Book of Abstracts : Book of Abstracts Prepared and Published On Behalf of the Coastal Engineering Foundation By the ICCE 2006 Local Organizing Committee*. Noble, R. M. (ed.). ICCE, 2 p.

Wave Reflection from Reshaping and Non-Reshaping Berm Breakwaters

Andersen, T. L. & Burcharth, H. F., 2006. 1 p.

Rejsebrev fra Barcelona

Andersen, T. L., 2 Nov 2005, In: UGlen. 7, p. 16-17 2 p.

Overtopping of Berm Breakwaters Evaluation of Overtopping Formula

Andersen, T. L. & Burcharth, H. F., 2005, *Second International Coastal Symposium in Iceland: At Höfn the Town of Hornafjörður 5-8 June 2005 : Abstracts and Papers*. Viggosson, G. (ed.). Hornafjörður and Icelandic Maritime Administration, 3 p.

Overtopping of Berm Breakwaters Extension of Overtopping Formula

Andersen, T. L. & Burcharth, H. F., 2005, *Second International Coastal Symposium in Iceland: At Höfn the Town of Hornafjörður 5-8 June 2005 : Abstracts and Papers*. Viggosson, G. (ed.). 8 p.

CLASH: D24 Report on Additional Tests: Reshaping Breakwater Tests

Andersen, T. L. & Burcharth, H. F., 2004, Aalborg: Aalborg Universitetsforlag. 29 p.

CLASH: D24 Report on Additional Tests : Part A: Effect of Obliqueness, Short-Crested Waves and Directional Spreading

Andersen, T. L. & Burcharth, H. F., 2004, Aalborg: Aalborg Universitetsforlag. 47 p.

CLASH: D24 Report on Additional Tests : Part D

Andersen, T. L. & Burcharth, H. F., 2004, Aalborg: Aalborg Universitetsforlag. 31 p.

Overtopping and Rear Slope Stability of Reshaping & Non-reshaping Berm Breakwaters

Andersen, T. L. & Burcharth, H. F., 2004, *Coastal Engineering 2004: Proceedings of the 29th International Conference*. McKee Smith, J. (ed.). U.S. Army Engineer Research and Development Center, Coastal and Hydraulics Laboratory, Vol. 4 . p. 4326-4340 15 p.

Wave Forces on Offshore Windturbine Foundations: On Borkum Riff : Part B : Verification Tests

Andersen, T. L. & Frigaard, P., 2004, Aalborg: Department of Civil Engineering, Aalborg University. 11 p. (Hydraulics and Coastal Engineering; No. 5).

AquaBuOY: model tests at Aalborg University

Lykke Andersen, T., Kramer, M. M. & Frigaard, P. B., 2003, Aalborg: Hydraulics & Coastal Engineering Laboratory, Department of Civil Engineering, Aalborg University. 52 p.
