Teaching portfolio

1. Teaching CV: A list of teaching and supervision tasks, including specification of academic fields, scope, level (bachelor, master, continuing education, PhD). Please state the teaching method used (e.g. lecture, class teaching, exercises, supervision, examination, coexamination, distance teaching, internet-based teaching and evaluation of teaching). Please also indicate the language of instruction.

At Aalborg University:

Supervision of 3rd and 4th-semester IxD (Interaction Design) students at the Bachelor level and 7th and 8th-semester IxD students at the Master level (English):

I supervised and examined students working on several topics with various learning goals (e.g., physical computing projects, app development, company collaboration, artificial intelligence, and qualitative methods)

Supervision of 8th-semester Software (SW) students at the Master level (English):

I supervised and examined two groups building applications with the topic of mobility.

Censor (English):

I was a censor at written exams for IxD05 students and oral exams for 9th-semester IxD students, 7th-semester SW students and 7th-semester Computer Science students.

At The Hague University of Applied Sciences:

Human-Computer Interaction (Dutch/English, Bachelor level):

I gave workshops on AR/VR, Arduino and P5.js and supervised a two-week full-time project in which students had to build an interactive installation. I was involved in grading their portfolios afterwards.

Programming for UX Design students (English, Bachelor level):

I gave workshops on introduction to programming in JavaScript for UXD students and was involved in the grading.

2. Study/programme administration and management: Experience in programme management and coordination. A list of study administration tasks, e.g. study board membership, chair of study board, semester or course coordinator, accreditation tasks, etc. Experience in planning teaching activities. Experience in programme development. Participating in committees and commissions etc. on education issues.

At The Hague University of Applied Sciences:
Involved in the coordination and calibration of the grading for several courses.

3. Formal pedagogical training: A list of completed courses in university pedagogy, PBL courses, workshops, academic development projects, collegial guidance and supervision, etc. Written assessment from the course in university pedagogy for assistant professors. Participation in conferences on pedagogy and didactics. Please enclose any documentation of the above, such as course certificates, references, etc

Problem Based Learning (PBL) for CS staff

4. Other qualifications: Conference contributions and attendance, contributions to debates, scientific articles on pedagogical issues etc. Peer supervision, editorials, mentoring experience or other types of competence development activities.

5. Pedagogical development and research: Development of new courses, teaching materials, teaching methods, examination types or other types of pedagogical development.

Didactic and pedagogical research. Cooperation with external collaboration partners.

At The Hague University of Applied Sciences:
Involved in meetings about the development programming courses for UXD students.

6. References on your teaching skills from superiors or colleagues. Teaching evaluations and any teaching awards received.

Type your answer here...

7. Personal reflections and initiatives: Here you may state any personal deliberations as regards teaching and supervision, any wishes and plans for further pedagogical development, plans for following up on student feedback/evaluations, etc. Personal reflections on your own pedagogical practice, including objectives, methods and implementation. This should include an analysis and a reasoned description of your pedagogical activities in relation to your pedagogical understanding and student learning. Thoughts on the teaching method at Aalborg University (which is largely based on group-organised project work and problem-based learning)
